

Art and Design

- A level
- Pearson Edexcel 9AD0
- Teachers: Mr Haliti (Subject Leader), Miss Barker

Assessment

Personal Investigation (60%) and an externally set assignment (40%)

Aim

The A level course builds on prior learning at GCSE. Students will explore practical and critical/contextual work through a range of processes and media, including painting and drawing, printmaking, sculpture and lens-based image making. This course is designed to stimulate students' intellectual, imaginative and creative capabilities.

Content

- Generate and explore a wide range of ideas using appropriate media and techniques
- How to undertake research, gathering visual materials
- Explore resources, analysing, discussing and evaluating images, objects and artefacts
- Use knowledge and understanding of the work of others to develop and extend thinking and inform own work
- Apply knowledge and understanding in making images and artefacts
- Review and modify work; plan and develop ideas in a wide range of media
- Organise, select and communicate ideas, solutions and responses, and present them in a range of visual, tactile and/or sensory forms

Why choose art and design?

Art is your gateway to a world of boundless creativity and self-expression. This course not only hones your artistic skills but also nurtures critical thinking and problem-solving abilities. Explore diverse mediums and discover your unique artistic voice. Gain a deeper understanding of cultural and contemporary contexts. Choose art and let your imagination take flight!
